STATE HORTICULTURALISTS.

Annual Meeting to Be Held at Middlebury in November.

The annual meeting and exhibition of the Vermont State Horticultural society will be held in Middlebury November 19 and 20. Plans are nearly completed for an unusually large meeting of the fruit growers and judging from the quality of the crop and the very great interest in fruit growing, this will be one of the largest meetings in the history of the society. The meeting this year will be held in the heart of one of the greatest fruit-growing countries in Vermont, and it is expected that the exhibition this year will be a veritable feast for the eye. In view of the close relation of the bees and fruit, it has been decided to have the bee-keepers antedate by one day the fruit growers' meeting, so that people who have a vital interest in both lines of industry may take advantage of the two meetings. A number of out-of-state men prominent in horticulture have been engaged, and a good program is assured.

FOR RHODES SCHOLARSHIPS.

Two Candidates Each from University and Middlebury College.

Burlington, Oct. 16.—Rhodes scholarship examinations were held yesterday and to-day at the university of Vermont.

There are four candidates, two, David Willard Howe and Robert Whiting Daniels, both of the university of Vermont, taking the whole examination, and two, M. G. Hubbard, Jr., and John C. E. Voss of Middlebury college, the whole examination except Greek. A candidate may be appointed a Rhodes scholar without having passed the examination in Greek, but must satisfy the requirements in Greek before he can be admitted to Oxford university.

Automobile for hire, by the day or hour; fine, new Buick car, can carry five passengers; will go anywhere. Jones & Nye's livery stable, Depot square.

ABOUT THE STATE

Happenings of Interest From Different Sections.

Mrs. Pamela Miles, aged 92 years, the oldest woman of Newfane, is dead.

The 17-month-old child of Mr. and Mrs. E. E. Paquette of Enosburg fell while at play last week and nearly severed the end of its tongue.

E. C. Dike of Bristol, who was severely bruised in an auto accident at Waterbury, recently, is but slightly improved. He was bruised about the body and head.

Mrs. Julia Marcella Kenyon of the town of Rutland and Royce Matthias Kenyon in Rutland city, who were divorced in Rutland county court at the March term in 1901, were married at the home of Rev. Dr. Norman Seaver last Thursday afternoon. They have three children.

Mrs. Annie Stratton of Enosburg Falls may die as the result of a runaway accident, which occurred early last week. Mrs. Stratton was thrown from the wagon and struck on the concrete walk, receiving an ugly gash on her nose. The wound bled so profusely the woman is in a critical condition from loss of blood.

A difference between the company officials and the linemen and ground men in the wiring department of the Rutland Railway Light and Power company developed Monday and as a result all the employed quit. One of the men, among whom there is a union, stopped work because of the presence of an employee who worked on the cars during the strike a year ago. Two others quit and Monday the remainder did not report. The trouble is not considered serious.

George Blanchard, who has often been arrested before in Burlington for stealing, was placed in jail Friday afternoon on another charge of larceny. The boy, who is 19 years of age, is this time accused of stealing lumber from Athletic park, a hay fork from John King, and a bicycle from Charles H. Spaulding. He was arrested a short time ago for stealing a satchel from a house on Clarke street. On one occasion he was allowed to go on probation in order to appear before his father, but, in the opinion of the police, he is a chronic thief.

On the part of the Senate Tuesday afternoon, one bill was introduced, namely, Senate bill No. 15, by Senator Laird of Washington county, which provides an amendment to section 1894 of the public statutes, allowing any superior judge to amend a bill of exceptions in case of error or resignation of the judge who presided at the trial. This was referred to the committee on judiciary.

The Senate passed the joint resolution authorizing the procuring of data relative to taxation on personal property and a joint resolution providing a stenographer for the president of the Senate and speaker of the House, also a joint resolution authorizing the joint committee on industrial school to visit that institution and report.

The recommendations of the board of education were placed in the hands of the members Tuesday afternoon. Among these are the recommendations for a board of seven members, who shall not be professionally engaged in education, appointed by the governor with the concurrence of the Senate, and whose terms of office shall expire two in two years, two in four years, and three in six years, each newly appointed for a term of six years. The powers and duties of this board shall be to meet at stated times and such special meetings as necessary. They shall appoint a superintendent of education, to be their executive officer.

They shall determine his salary and have power to remove him. They shall have the governing powers of examination in secondary schools and in special schools under the state control, and of teachers and union superintendents. They shall have full power of normal schools and employ such assistance as they may need from time to time and shall determine the courses of study in schools under state jurisdiction, secondary schools, and grant their approval of the same. They may arrange summer schools for teachers, teachers' institutes, and hold educational meetings subject to the existing statutes. The compensation of each board shall be their actual expenses incurred, and an annual appropriation of \$10,000 shall be made to carry out these provisions. The board also recommended that the school year shall be at least 30 weeks for all students under 16 years of age and school tuition shall be \$30 instead of \$24 for towns not maintaining a high school. They advise the power of dismissal of any child whose personal habits or infirmities are undesirable and recommend that feebleminded be taught in connection with the state industrial school, that medical inspection be made of school children and that a state appropriation be made for retired teachers, also recommend advancing the training school courses for normal schools, by a rebate to each town of \$1 for each week it employs such teacher.

Frank L. Brigham, secretary of the Vermont local fire insurance agents, announced yesterday that the annual meeting of the association will occur at Waterbury Nov. 12.

Senate Chaplain Rev. M. W. Farman conducted devotional exercises Tuesday for the first time during this session. He has been ill with cold and gripe, but appears to have recovered entirely from these maladies.

The committee on banks met Tuesday noon and organized with W. T. Wright of Brandon chairman, while H. T. Robbins of Newport was elected secretary.
